SCRIPTURE – Acts 9 : 1 - 22
THEME – The Future of the Church

Church is changing. Many are failing. The current lockdown makes it more intense. With society continuing to pull away from faith and religion, where does that leave the people of God? Many minds have pondered what the future will hold, and today we look at ten 'prophecies' of how church will thrive or not.

Duncan has supplied discussion notes and questions for small groups after each week's sermons. These are available on the website https://wringtonchapel.com/recordings/

Derek is going to host a discussion zoom meeting at 6.30 pm on Sunday evenings, please email him for the link.

Lent Courses

Duncan is going to run a Lent course which will probably be on Zoom on Friday evening starting 5th March. He is also looking to record them for use at other times. The Parish Church is also running a Zoom course on Wednesday evenings. Further details will be available later.

Zoom Service

It was agreed at the Church Meeting to try and arrange a zoom service at least once or twice a month until lockdown finishes.

A MESSAGE OF HOPE FOR THE FUTURE

If we lean deeper into God's love, choosing faith instead of fear, we may find that new opportunities emerge. There is the potential for communities to come together more; for families to re-discover themselves; for busy people to slow down and build rhythm in their lives; for people to reconnect with God and his world; for nations to re-tune into God's word; for churches to learn how to use digital technology to enhance ministry. As we emerge from the initial extremes of Covid-19, we can ask ourselves what sort of a world we want to build going forwards. Can we repent of the world we have created and instead look to build one without such a huge gap between rich and poor – a world that enables us to live in harmony with creation? A world where we understand that the well-being of one is bound up with the well-being of all.
