December 2021 update

**Do you remember Simon Mwezera? His house burnt down whilst he was attending his son's wedding. Through God's provision, from many sources, Simon has begun rebuilding his home.**

**Thankfully, this time Simon's using bricks and mortar.

December 2021 update continued

We also join with Deus Kyomukama in celebrating a new church plant in his local area. Not long-ago Deus and Olivia moved out of the city of Jinja into a more Muslim area, with the aim of providing Christian ministry to the people. We thank God that they have been successful in building churches in this area and for the people who have joined these churches

In more difficult news we have heard from Julius Bigirwenkya this month that he has had to settle for a low price for his land. As the new roads project moves through Uganda, land is being forcibly bought by the government to make way for the roads, some of the land needed belonged to Julius' school. Sadly, the government offered Julius money which did not reflect the price of the land and after a long battle for better compensation, Julius has been forced to accept the smaller amount. Please pray for Julius and the school, that they can keep running the school as the amount of money received places the school in jeopardy.
